Good Afternoon Tim:

I was hoping our team could get on a call to discuss the US Ecology T&D award and the topics below. Please let me know if you are available and also provide any written procedures or reference documents for our group to read prior to the call. Thanks

- Discuss Waste Acceptance Criteria
- Transportation release procedures-Will US Ecology be visiting the site to go over field procedures/training prior to our first shipment?
- Standardized forms for shipment, specialized manifest forms, others?
- Confirm tonnage per shipment in 50 yard dump trailer (Direct loading/tare weight of truck)
- Discuss material sampling prior to shipping.(previous meeting notes: 1 sample in every 400 yards for Rad and Metals, SW 846)
 - Certified lab samples versus High-Purity Germanium (HPGe) Detector on-site.
- Estimated date of first shipment and how many trucks per day during first series of transportation.
